Subject: Restek GC/MS Seminar

Just a friendly reminder that this Wednesday, April 27th, Restek will be at the Jamaica Plain laboratory to conduct an all day GC/MS training for Drug Laboratory staff. The session will include both mass spectral theory and application to the analysis of controlled substances. It will be held in the SLI auditorium from 8:30 AM – 4:30 PM.

We have contracted with the vendor for 10 attendees, if for any reason you are unable to attend as planned please let me know ASAP and I will substitute another chemist in your slot.

I will be looking for your feedback after the session to determine whether we should contract with Restek for an LC/MS training, so please be thinking about that .

Thanks, Julie

Julianne Nassif
